**DAY 03, WEDNESDAY**      **IN AHMEDABAD**

---

After breakfast, drive to **Kalhaar Blues & Greens Golf Club (approx. 45kms / 01hr drive)**.

Located halfway between Ahmedabad and the Tata Nano Plant, Kalhaar Blues & Greens prides itself on being one of the greenest places in Ahmedabad. And justifiably so. Designed by legendary golf icon Jack Nicklaus' company, Nicklaus Design, the 18-hole golfcourse is a feast for the eyes. Dotted with 14 lakes and white sand bunkers against the lush green, the area is a manmade delight. Care has also been taken to create an environment friendly ambience. Gorgeous flowers and beautiful trees have been planted across the entire stretch. But over and above the praise-worthy scenic area a golfer needs good golfing services. This facility meets the stringent US Golf Association standards. The course is equally suitable for amateurs and professionals. The holes are positioned in such a way that the player can finish a round and head back to the Clubhouse to freshen up. Well-kept greens, lush scenery and peaceful fairways are any golfer's delight.

In afternoon, Tee-off at **Kalhaar Blues & Greens Golf Club.**

The property extends beyond the golf course. It is a Lifestyle Community Project spread over an expanse of 21,520,000 square feet and also features 801 residential villas providing residents with resort-style living. The plush villas live up to the standards set by the lavish surroundings. Overlooking the picturesque golf course, the villas are a dream come true for discerning customers who want nothing but the best. The club also offers all the pleasures of a fully equipped club house, a spa and the hospitality of a hotel. With lakes, swimming pools, health clubs, mini theatre, cafeteria, tennis courts, community centre, hotels, restaurants, coffee shops and every other possible amenity this facility is a dream to live in and a fantastic space to unwind. The fact that it's a mix of residents and visitors tends to give the whole place more of a relaxed and less-touristy vibe.
